

## 艾邦电子烟供应链交流群

艾邦ESMOKE产业资讯

### 1. SMOORE (6969.HK)

Smoore International Holdings Limited (6969.HK) has successfully debuted on the Science and Technology Innovation Board. Presently, it stands as the world's premier manufacturer of electronic cigarette devices, with its primary operating entity being Shenzhen FEELM. Established in 2009, FEELM boasts cutting-edge research and development capabilities, robust manufacturing prowess, an extensive product portfolio, and a diverse clientele.

Currently, FEELM boasts 10 specialized and large-scale production facilities. With expertise in ceramic heating technologies like FEELM and CCELL, it owns the electronic cigarette brands Vapresso and Renova. Additionally, McWell serves as a primary contract manufacturer for international tobacco giants such as Nu Mark LLC (Femore International Electronic Cigarette Brand Company) and Japan Ploom Tech (Japanese Tobacco). Furthermore, it handles contract manufacturing for domestic electronic cigarette brands like RELX, YOOZ, MOTI, and others.

Official Website: [www.smoorecig.com](http://www.smoorecig.com)

### 2. Firstunion

Founded in 2004, Firstunion stands as a globally renowned provider of electronic cigarette solutions. This high-tech enterprise integrates product design, manufacturing, quality assurance, and supply chain management.

Collaborating with over 200 internationally acclaimed electronic cigarette brands, Heyeon Group offers a diverse range of OEM/ODM services.

Under the umbrella of Firstunion, notable electronic cigarette brands include KING SONG. In the realm of contract manufacturing, collaborative clients encompass international and domestic enterprises such as British American Tobacco, Imperial Tobacco, Femore International, China Tobacco, chawil, and MYST Labs, among others.

### 3. KIMREE

# KIMREE®

## 吉瑞科技

Founded in November 2006, KIMREE stands as a pioneering high-tech enterprise dedicated to the research, development, production, and sales of electronic cigarettes. Through autonomous innovation, the company has developed a multitude of product series, encompassing virtually all types of electronic cigarettes present in the market. The meticulously crafted vaporization devices and structural solutions for electronic cigarettes, designed by the research and development team, have garnered nearly 4000 patents both domestically and internationally. In 2015, KIMREE became an integral part of China Flavors and Fragrances Co., Ltd., a publicly listed company on the Hong Kong stock exchange for over 11 years, under the umbrella of the BOTON Group.

The inaugural heat-not-burn tobacco device introduced by China National Tobacco Corporation, and developed by China Tobacco Sichuan Industrial Corporation, is manufactured under the auspices of KIMREE in Huizhou. In addition to its proprietary brand, KIMREE, this facility serves as a contract manufacturer for other renowned electronic cigarette brands such as KIMSUN, Jikang, ammo, NOS, and more.

#### 4. ALD Group

Established in 2009 in Shenzhen, China, ALD Group Limited, also known as ALD, is a globally leading high-tech enterprise dedicated to the focused research and application of electronic vaporization technology. Its operations span various domains, including Electronic Nicotine Delivery Systems (ENDS), Inhalable Medical Vaporization Devices (IMV), and Low-Temperature Non-Combustible Hardware (HnB Device). ALD has forged robust strategic partnerships with numerous internationally renowned brand merchants and multinational tobacco companies.

Official Website: [www.aldgroup.com](http://www.aldgroup.com)

#### 5. Geekvape

Shenzhen Geekvape Technology Co., Ltd. stands as an innovative and integrated technological enterprise, specializing in the research, production, and sale of electronic cigarettes. Under its flagship "Geekvape" brand, the company is a global leader in the high-precision electronic cigarette products, particularly renowned in the DIY category. It has introduced an array of cutting-edge vaporizers, including the Griffin Gryphon series, Avocado Avocado series, and Tsunami series. The brand's offerings span across Europe, America, Japan, Korea, Africa, Southeast Asia, and various other countries and regions.

Geekvape's subsidiary, Qisitech, stands as a global leader in electronic cigarette contract manufacturing, providing Electronic Cigarette Original Equipment Manufacturing (OEM), and Original Design Manufacturing (ODM) services.

Official Website: [www.geekvape.com](http://www.geekvape.com)
